

CAMON®

LS42

SCARIFIER

 **MADE IN
BRITAIN**

► [SEE WEBSITE](#)

The **CAMON LS42** is renowned for its exceptional ability to eliminate thatch and moss from all sorts of lawns with unmatched efficacy. It comes with an easily adjustable handwheel to regulate the depth of scarification, and is powered by a robust Honda engine that guarantees the uninterrupted operation of the spinning cartridges.

CAPABILITIES

Esteemed for its resilience and high-quality craftsmanship, the **CAMON LS42** is versatile enough to operate efficiently in domestic, rental, and commercial environments. It's an indefatigable worker, consistently delivering economical results without ever disappointing its user.

The **CAMON LS42** offers the convenience of selecting from a variety of cartridges, catering to the exact requirements of its user. Be it reviving an aged lawn or maintaining an existing one throughout the summer season, there's a cartridge designed for every need.

Lastly, the **CAMON LS42**, built in the UK with meticulous precision, is a reliable machine designed to withstand the test of time. It is a trustworthy partner that not only accomplishes the job but is also built to last a remarkably long period.
